The Sibling Experience

Their Important Role in the Family

We have invited 4 of our Continuity Care members to be a part of a panel discussion about their experience as a sibling of a brother or sister with a disability. This will be an informal conversation about roles and responsibilities, gifts and challenges, life lessons they have learned and their perspectives about this unique relationship. As siblings, we know that you wear multiple hats and may feel isolated at times. Come out and join other siblings so that you don't feel so alone in your journey.
